The high winds of the weird winter storm of Monday, February 2 push the harbor water up over the wharf as shown in the pictures taken at Mattapoisett wharf and at a point in front of the town beach. Flooding marooned many motorists at Crescent Beach and Mattapoisett Neck and filled many a cellar.

it had risen. Top photo shows the boats tied to the wharf apparently in convoy with the harbor completely covering the square dance area of the wharf parking lot. When the waves were blown back out by the reversed wind, after the eye had passed, the tide fell back to an extreme low. John Gibbons said it was possible to walk around the short wharf at low tide and to walk from the YMCA Camp Massasoit to Mattapoisett Neck without rubbers on. The strange winter storm plummeted barometers to the lowest figures in memory and caused a great sigh of relief as it moved through at record speed.

National Park Service and through the Massachusetts Historical Commission. The building was entered on the Register January 2, 1976.

The National Register of Historic Places is effective in three areas: protection, grants, and recognition. This acceptance into the Register now gives the Grange or the Commission a yearly opportunity to request matching funds from the "Grant in Aid" program for Historic Preservation of the building and the grounds.

Progress to place the Third Meeting House on the Register by the Mattapoisett Historical Commission was begun during the Fall of 1974, with Mrs. Barbara Spalding acting chairman. The building was accepted for nomination by the Massachusetts Commission in the Spring of 1975 and they sent the nomination to Washington in July.

The volunteers for the annual Heart Fund Drive will be calling on you on Heart Sunday February 15th or sometime the following week.

Heart and blood diseases kill more than a million Americans a year. About a fourth of them are under 65. Research -- supported by Heart Fund dollars -- is making important strides against these killer diseases. 61% of the deaths in Mattapoisett are related to heart and blood diseases.

The dollars you contribute to the Heart Fund drive work best for you and your loved ones. Keep this in mind when a Heart Volunteer knocks on your door. Help

Loren Mosher, former Mattapoisett Civil Defense Director, are shown at awards ceremony at Town Hall.

In a brief ceremony in the Selectmen's office Mr. Loren Mosher was honored by Civil Defense authorities as he received a citation in recognition of his 13 years of service as Civil Defense Director for the town. Presentation of the citation was made by the Director of Area II , John L. Lovering. Town Selectmen: Chairman William Hubbard, Donald Linhares and R. William Blasdale were on hand to congratulate Mr. Mosher.

The citation recognized his many years of outstanding service in Civil Defense. It read, "You have compiled an enviable record while serving as Civil Defense Director. Your inspirational leadership and foresight in planning, coordination, in devotion to the protection of your community and its inhabitants has, throughout your many years of outstanding service, far exceeded the normal efforts anticipated of a Director." The citation was signed by Louis F. Saba and also by Governor Michael Dukakis.

FLOOD PROBLEM TO BE STUDIED

Selectmen discussed the flood problem on the Mattapoisett River which has been a continuous problem over the year. The Selectmen would like to see some sort of mechanical gate on the sluiceway at the Herring Run to replace the boards which now dam the river and which freeze together. Selectman Donald Linhares suggested that Massachusetts engineers be asked to look over the situation and make some recommendations. The Board will request Senator George Rogers for assistance in this river problem.

BANKER OFFERS SERVICE

August K. Viekman, assistant vice president of the First National Bank of Cape Cod, in Orleans, met with Selectmen to offer the service of that institution to Mattapoisett in the funding of the town's sewer system. Mr. Viekman said that his bank had experience with Cape towns in similar projects that could prove valuable to Mattapoisett. He presented the Selectmen with a printed study of the comparative operating costs of

Mattapoisett is shown to have an assessed valuation of $35,444,975.00 with a per capita valuation of $7,138.97. The net bonded debt is $476,240.00 with a per capita net debt of $95.92. The ratio of net debt to assessed valuation is 1.34%. Town expenditures are listed as $3,671,889.73. The town assessment is $3,253,848.64 with a tax rate of $91.80 with a population of 4,965.

The Selectmen suggested that it might be of value to arrange another meeting so that Mr. Viekman could outline his bank's services to the Finance Committee and Town Treasurer Allen Sherman and he agreed to return when the date can be set.

DOG PROBLEM

Larry Pauline of Fairhaven Road complained to Selectmen of a dog problem on his property. He said that dogs constantly tip over his garbage cans and make a mess of the trash. He said that efforts to contact the dog officer have been completely stymied because the dog officer

The Selectmen observed that the same dog owners are guilty of ignoring the leash law and that the same dogs are constantly on the loose. Selectmen Blasdale suggested that the law needs enforcement and that to make it work a stiffer fine should be imposed so that owners would have an incentive to obey it.

Selectman Hubbard assured Mr. Pauline that he would take care of his complaint personally.

OUR THANKS

The P.T.C. would like to express their thanks to Arthur LeClair of Gulf Hill for helping us with "Make a Sundae". All the children at both Old Hammondtown and Center Schools enjoyed themselves tremendously. Thanks also to all those who helped serve the sundaes. It was as enjoyable for us as the children. The sundaes were a reward for the classes at both schools who collected the most Campbell Soup labels. Our thanks to all the children and the teachers who worked so hard on this worthwhile project. There are lots of nice things we could say about ourselves.

Like unexcelled. Or unequalled. Maybe unsurpassed. Or even unmatched.

And, happy to say, lots of folks who bank with us would agree. They've long since discovered what real convenience and real service are when it comes time to bank.

But, honestly now, we'd rather let them do our talking for us. Let them say the beautiful things.

Of course, we'd like you to find out for yourself what makes us BEE-utiful. And then you could say BEE-utiful things, too.

ing five Freshmen, and eleven Sophomores out of a roster of 22, Coach Babola has fashioned a first rate contender for the Division III Crown.

Leading the Bulldog's championship drive is goaltender Glen Gaspar. This diminutive "King of the Pipes" is probably the finest goalie in Division III, and one of the best in all Southeastern Massachusetts.

The Boosters Club feels that the tremendous effort put forth by Coach Babola, Assistant Coach Bob Gardner and the entire squad is worthy of some very positive support from the student body and Tri-Town parents and friends of Old Rochester.

In an effort to secure this support, the Boosters Club will offer fans complimentary tickets for the February 16th game. Each student who buys one ticket will receive another one completely free of charge. Also, any individual in Rochester, Marion or Mattapoisett who would like to support Bulldog Hockey Day can secure complimentary tickets by merely calling Nancy Crowley, Mary Almeida, Dave Enroth or Bill Barnes.

Since February 16th is a holiday, this presents an excellent opportunity for the entire family to have an afternoon of fun as guests of the Boosters Club.

BOY SCOUT TROOP 15

Honestly! There really is a Troop 15 and we really are planning a Spaghetti Supper on February 21th. Our boys are a little slow getting your house with tickets, but if you look around very carefully maybe you can catch one. We are planning the supper from 5 to 7:30 P.M. Friday, February 20th, with lots of spaghetti, tossed salad, bread, dessert and beverage. The boys will help in the kitchen and serving. The proceeds will be used to refurbish the troop's camping equipment which they need very badly. So, please catch a boy, buy tickets for the family and we'll see you at St. Anthony's on February 20th. If you should have trouble catching a boy, please call Donna Trott, 758-2068; Ken Stickney, 758-2146; or Barbara Gordon, 758-4541 for tickets and information.

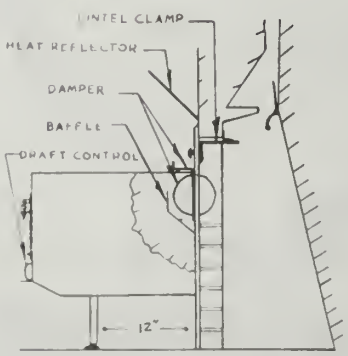
NOW MORE THAN EVER SAVE ON FUEL

Convert your fireplace to an efficient home heater...with Better 'n Ben's

...BETTER 'N BEN'S THE FIREPLACE STOVE



FIRE BOX. 18" HIGH. 18" WIDE, 24" DEEP
DOOR OPENING 9" x 13"
WEIGHT 143 POUNDS
BACK PANEL STANDARD-
34½" high x 42" wide

Note: This panel easily adaptable to most fireplaces.
Other sizes available on request

Better 'n Ben's is the most exciting and innovative breakthrough in woodburning stoves since the Franklin.

Uniquely, but simply designed, Better 'n Ben's is placed directly in front of the fireplace opening. The combined stove and fireplace cover panel is securely and safely fastened in minutes so the stove utilizes the existing fireplace flue.

Now, instead of the heat going up the chimney, it is recovered and will provide warmth for large rooms and in many cases, entire homes. It will burn seasoned wood throughout the night.

Homeowner reports on this new stove cite up to 60% savings in fuel oil costs and the kilowatt consumption in electrically heated homes cut more than half.

Better 'n Ben's is attractive in the home and made of sturdy, long-life, heavy, black iron that radiates heat well. It has a broad top to provide a large cooking surface.

Fully guaranteed.

We have a kit available to convert Better 'n Ben's to a free-standing stove for use anywhere.

Also available: See-through Screen Door for viewing fire.
